TABLE OF CONTENTS

THE YEAR IN REVIEW

This school year the community, the nation, and the world got a front row seat to many of the most surprising and important events that have happened in the last twenty-five years.

The world watched as hard-line communist coup leaders tried to overthrow the Soviet Union. The coup d'etat failed and the communist government that had been in power since 1917 collapsed. The Union States declared their independence and set up a new common wealth.

The nation watched as Magic Johnson, after learning he was infected with the HIV virus, retired from professional basketball and became a spokesman for AIDS prevention.

The nation cheered as the Minnesota Twins won the World Series, as the Redskins won the Super Bowl, and we are still cheering on the Portland Trail Blazers as they hunt down an NBA championship.

We said good-bye to many famous people who passed on, such as Lawrence Welk, Michael Landon, Fred McMurray, Robert Reed, and Redd Foxx.

Riots rampaged throughout L.A. after the jurors acquitted three of the four police officers of all charges in the Rodney King beatings. Over fifty people were killed, several hundred wounded, and thousands were arrested.

The Phillipines were shook when 5,842 ft. Mt. Pinatoba erupted, which lay dormant for 611 years. The eruption that shook the Phillipines with accompanying earthquakes and torrential rains took 330 lives and left hundreds homeless.

The school also went through many changes this year. The much valued timber money that the school received in the past is no longer coming in and without it many cuts had to be made in the budget for the 92-93 year. As it stands, we will lose the music and math teacher and the librarian. The students, very upset at these cuts, staged a walk-out on June 1st at 9:15 a.m.

FATHER-SON GAME

The showdown between the teens and the adults was a learning experience for the baseball team. The teenagers played well but were encumbered by the adults' excellent pitching.

Don't look now, but your shoe is untied.

No, not the inside curve again!

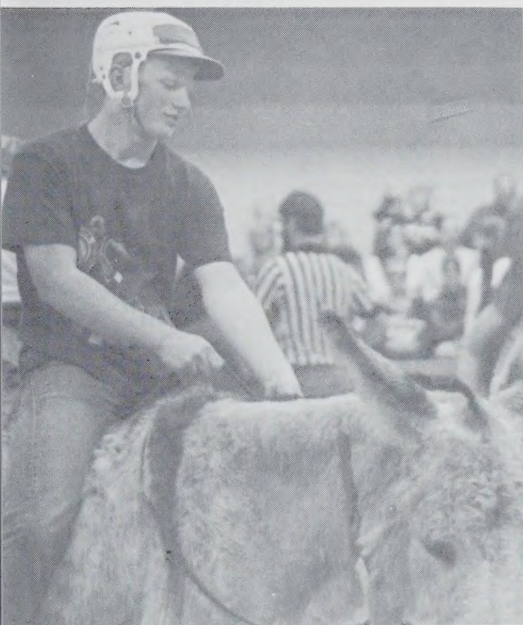

No, Jon, we lost.

Dan Pierce, Laura Fairchild, Rob Casteel, Nathan Brushe, Jenny McClure, Billy Weaver, David Withers, and Mr. Heibert, left school on April 24 to check wood duck eggs in various wetlands in the Warrenton - Seaside areas. They camped out at Fort Stevens and returned to Jewell on April 25.

KAH-NEE-TA

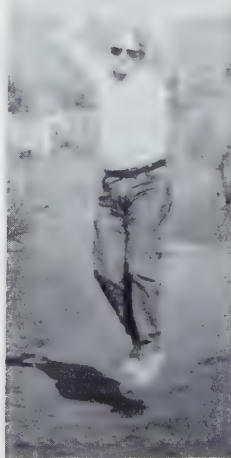

Mr. Cheney and members of the Jewell and Warrenton Honor Societies left for Kah-nee-ta on April 30. They spent four fun filled days swimming, playing miniature golf, eating and lounging by the pool.

- 1 How did you know I had a headache?
- 2 I love what you do for me, Toyota!
- 3 Krista inflates her air mattress.
- 4 Plates? What? They weren't on the list!
- 5 A kinder and gentler Terminator.
- 6 Nathan, you're not supposed to dive into the wading pool!
- 7 You think you're funny, don't you!
- 8 Joe Cool by the pool.

Matt, Laura, Nathan, Carl, Ruby, and Jenny enjoying the sunshine.

During the 1990-1991 school year, the French Club raised money by selling muffins and orange juice and operating a Santa's Store. This money was to be used for a trip to Paris the summer of 1992. However, the French program was cut, and club members decided to use the money for a trip to the Inn of the Seventh Mountain.

Seven club members, Mrs. Kaiser and David Samuelson left for the Inn on May 8th. Once there they played miniature golf, tennis, basketball, volleyball and water polo. They also went on a white water rafting trip. In spite of sunburned arms and faces, fun was had by all (even if Dave couldn't play golf.)

Mrs. Kaiser and Amy wait for Dave to make a difficult putt.

Queen Jennifer McClure

J.H.S. cheerleaders show their homecoming spirit.

The 1991 homecoming events were held at Jewell School. These events took place October 6th through the 10th. Our homecoming game was with the St. Paul Buckaroos. Although we didn't do too well on the field, we made up for it in spirit at the dance afterwards. Our homecoming court consisted of freshmen Shannon Danner and Jason Kaiser, sophomores Jennifer McClure and Carl Norman, juniors Tina Pitkin and Matt Samuelson and seniors Laura Fairchild and Billy Weaver. Jennifer McClure and Billy Weaver were crowned queen and king.

J H S

King Billy Weaver.

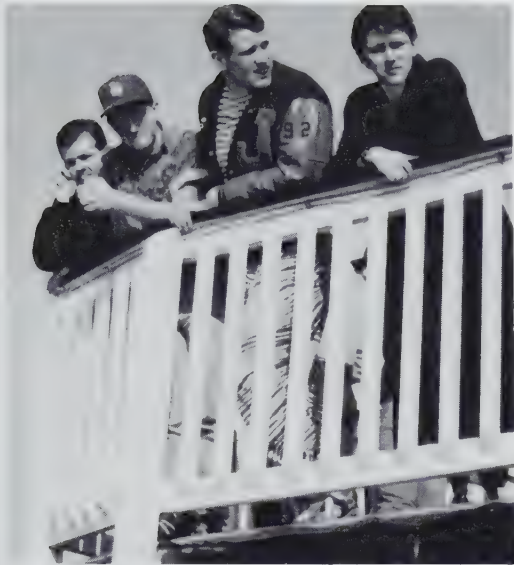

The first citizenship trip of the year was on the Stern Wheeler Rose. Many students found this a nice change of pace from everyday school life.

Come on, dance!

Besides the comfortable ride and the beautiful scenery, a catered buffet was provided. The great weather and local jet skiers also helped the trip to go well.

Boy, this is fun.

What's that in your hair Rob?

Wow, is it bright out here!

STUDENT COUNCIL

This year's student council members worked hard to accomplish goals that would benefit the student body. We also put together field trips and sponsored dances. The student council also worked with Dr. Stuckey and Mr. Tice to change certain policies and rules to make life a little easier at Jewell.

Student Body
Vice President
Jon Wood

One small group from Jewell,
One giant impact on society.

Student council members are Jon Wood, Vice President; Lee Kaiser, President; Laura Fairchild, Secretary; Trina Markham, Treasurer; Matt Olstedt, junior representative; Billy Weaver, sophomore, representative; Shannon Danner, senior representative; and Mr. Tice, freshman representative and Mr. Tice, advisor.

BEACH TRIP

The high school was allowed to go to Hug Point twice this year. The first trip was a result of the high scores on the C.A.T. tests which the students took in April. The second beach trip was the annual citizenship trip.

On both trips, Mr. Cheney cooked about one hundred hamburgers for the students to eat. Cookies, potato salad, macaroni salad and punch were consumed by the students.

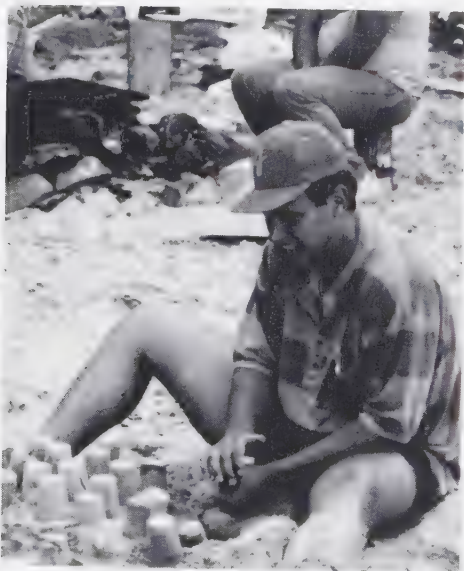

Students not only ate the delicious food, but also built sand castles, played Frisbee, hiked and buried Laura in the sand. Also, a large majority of the students went into the icy, cold water, played and body surfed.

Splish! Splash! I was takin' a bath!

Look at my tummy.

AWARDS' NIGHT

Oh, I wanted this award so badly!

The welcome to Awards' Night was delivered by Dr. John Stuckey. He also handed out honor roll certificates to high school and junior high school students.

Senion Will

I, Markus Slagle, will my great taste in everything and my own little unique attitude to Shawn K. I will my terrible test grades to Matt S. since he seems to do so well. I also will my very unique beer belly to Matt S.

I, Billy Weaver, leave my sense of style in clothes to. Miah, may he soon be able to wear something that he picks out by himself. I will my math skills to anyone who can't add, (you know who you are), considering math is the easiest subject ever. And I will anything else I have to anyone who feels it necessary to have it. Understand?

I, Amy Lucia, being of sound mind (most of the time) leave my energy to Jessica Harding, when it comes to basketball. She often needs it. To Faith Kelsey I leave my locker that way she is gauranteed a locker in the senior's section of the hallway. Last but not least, I leave my little brother Mark with this, "Try to stay out of trouble, because I am gone and you will get all of the punishment at home.

I, Jon Wood, being of unsound mind and great body leave my awesome sense of humor, and the ability to cause a commotion (and not get caught) anytime, anywhere, to Matt Olstedt. To Roric O., I leave my half-done, unfinished homework.

I, Rob Casteel, will my creative mind and imagination to all those who lack their own. I also give my exquisite taste in music to David Withers, who actually thinks that AC/DC and Iron Maiden are good music. Finally, I'm leaving a memory of me to all those who remain trapped here.

I, Josh Alderson, being of sound mind leave my ability to stretch the truth to Matt Olstedt. To Matt Samuelson I leave my mechanically inclined abilities, just in case he ever needs to work on his truck again. Shawn Knavel I leave the ability to cause a collision anytime, anyplace, unexpectedly. Last but not least, Trina Markham, to you I leave my school books. They are just like new, since they were never used.

I, Laura Fairchild, being of mostly unstable mind leave Ruby Berdine my co ordination. This combined with the "Rubyclap" will make her unstoppable. I leave Mr. Hiebert my undying devotion to basketball—specifically the Blazers. Long may Jerome, and the rest of the Blazers rule in the NBA. I leave my collection of Bics to Jenny McClure. May she never have to surf again.

I, Lee Kaiser, being of semi-sound mind, I leave my athletic abilities and weight lifting skills to Matt Roth and Slade. I also will my great strength, size, and attitude to David Withers. I will to all the hopeless people left behind, the hope that the Dodgers might actually have a chance to participate in the World Series before the year 2050.

I, Francie Howard, leave the whole student body Dr. Sluckey; may he be here for a long, long time. I leave Faith K. the knowledge that someday she will find another wonderful P.E. partner. I know it sounds impossible. To the rest of the school, I leave this thought: the SENIORS are leaving and you're not.

Bluejay Basketball

1991-92 was a building year for Bluejay Basketball. With four senior starters graduated in 1991, a very youthful lineup was present this year. The team started off this year with an enthusiastic win at home against Astoria. Following the season opener, the team suffered through some tough times; however, the second half of the season the team began to pull together and work more as a unit. The best game of the season was a one point loss to NCCS. A team that beat the Bluejays by 41 points earlier in the season.

The team has a talented nucleus of sophomores; if they work hard together they show promise of achieving great things in a year or two.

This season was one of the more challenging ones for the Girl's team as they were plagued by low numbers (with 5 players at the game, it made coaching decisions much easier!). We also had some very tough opponents against whom we played some of our best games. We came through this season with positive attitudes and bright smiles in the face of adversity. We always had Hope!

Track

The Jewell Track Team was led by Seniors Lee Kaiser, Billy Weaver, and Rob Casteel. Strong performances were also posted by Miah Weaver, Nathan Brushe, Jason Kaiser, David Withers, Matt Roth, and Dan Pierce. Shannon Danner was our excellent manager.

Jason Kaiser

Lee Kaiser excelled in the shot-put and discus. Miah Weaver and Nathan Brushe had outstanding efforts in the javellin and 400 meter sprint. Billy Weaver was one of the league's top sprinters. Jason Kaiser scored in several differant events. The 400 meter relay team of Nathan Brushe, Jason Kaiser, Billy and Miah Weaver was one of the best in the CASCO league.

Lee Kaiser represented Jewell at the State 1A Track Meet. He placed first in shot and fifth in discus.

David Withers wins by a mile.

Miah Weaver is up and over!

Business is of growing concern to the current student body and staff of the Jewell School District. Business is an ever changing and developing field, and it is imperative that our students are given the opportunity to keep up with the state of the art resources and knowledge. Our move toward IBM's and the latest Southwestern publications are a step in the right direction.

This year the Business program consisted of the following available courses: keyboarding, computers 9-10, computer applications, Accounting I and II, business law, and economics and personal finance.

This was a year of learning, for all concerned, about the world of business. A working knowledge of business concepts will be beneficial to each of our students as they go on facing life's challenges.

What's Happening in Music

This has been a very exciting year for the music department at Jewell School. Very few schools in Oregon have a better facility for teaching elementary music. We have purchased the best curriculum available. This curriculum follows the Oregon Department of Education, so our students are receiving the music education that they need.

My goal for the year is that the students enjoy music. I believe that goal is being accomplished.

Music is now being offered to kindergarten through high school. The program, I believe, is going very well K-8, but is off to a very slow start in the high school. We have the potential of having a music program equal to anything offered elsewhere in the state.

Doug Beisley
Music/Drama teacher

Musicians????

Inquiring minds want to know.

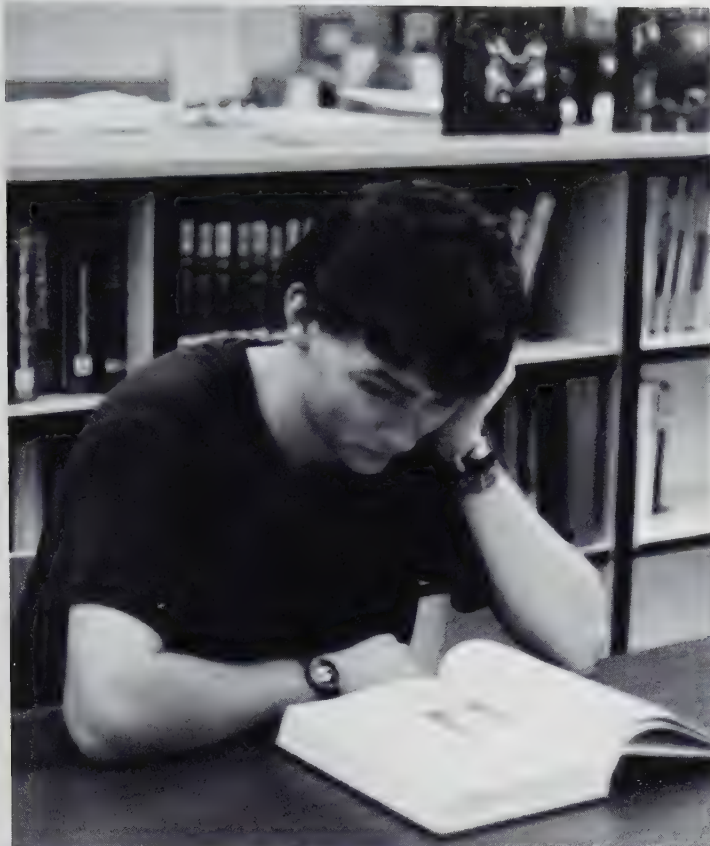

This year the library achieved full capability to access the Oregon State Library via the computer. Students and the Jewell community were able to order materials to supplement regular on-site holdings or as primary sources of information.

Plans are to add CD-ROM capabilities (information on compact disk) in the near future. Such an addition will not only give Jewell students greater access to information, but introduce them to technological information retrieval systems which they can use in the future.

Come on, people!

ADVANCED PLACEMENT U.S. HISTORY

Through an arrangement with Clatsop Community College we are able to offer a college course in U.S. History which has transferrable college credit as well as high school credit. Students study from college level work which is evaluated by an instructor at the college.

Rob prepares for a U.S. history test.

Rob and Francie study greek and roman history.

SATELLITE EDUCATION PROGRAM

This was the first year for our Satellite Education Program and yet we have had some initial success. The satellite program can offer classes in foreign languages and college prep. courses for high school students. It also offers a class in Elementary Spanish which is being taken by 4th and 5th grade students. They watch the class on a T.V. monitor and interact with the teacher via a phone link. They share photographs of themselves and view those of others. So far this year they have had several "Spanish" holiday parties and have video taped a small skit.

Flag Football

Although our season consisted of only two games, it was a rich experience for the boys and me. For many of the boys it was their first experience with organized football. During the summer we got into shape and learned our plays and formations. We learned to concentrate with pain and under pressure.

We played Falls City in a home and away series. They turned out with three men for every one of ours. Their tallest player was twice as tall as our tallest player. They won both games, but not before we scored and gave them a scare. The boys played with dignity and determination and unfailing sportsmanship.

The Jewell varsity can look forward to some terrific athletes and the community can look forward to some excellent citizens.

The games were exciting and action packed. Here, the boys try to stop the other team from scoring.

Jr. High Girls' Basketball

Jewell Junior High girls receiving their awards.

The junior high girls' basketball team had a different type of season. We started with three girls and gained two by the end of the season. We practiced hard and made a lot of improvements. We played other teams by borrowing players. This benefited both teams by giving the students more playing time. I feel this helped our team work and built a positive attitude towards basketball and ourselves.

JUNIOR HIGH BOYS' BASKETBALL

Led by the eighth graders Dan Olstedt and Mark Lucia the middle school basketball team had an excellent season. Dan led the way with scoring and rebounding. Mark's thoughts were evident at point guard and running the team.

The seventh graders plus one sixth grader were excellent in their supporting role and provided a nucleus for an exciting team next year.

Come and watch-- these guys are on the way up! Their final record was 11-1.

Coach Smith

JUNIOR HIGH GIRLS' VOLLEYBALL

The middle school volleyball team began the year with high hopes and great expectations which soon turned to disappointment as their coach had to unexpectedly return to England. A rookie coach was "recruited" for the remainder of the season and the team went on to have a full and varied schedule of games.

Even though they were handicapped by not being able to field enough girls for some of the games, they "borrowed" from the other teams in order to provide competitive experience to those girls who were able to play. This group of girls has the potential to provide Jewell with a solid core of girl athletes for the years to come.

COWBOYS AROUND THE CAMPFIRE

This year's spring program, "Cowboys Around The Campfire," was held outdoors in the hay field behind the school. Staff, parents and students came early to set up tents and to socialize. At 6:30 p.m., everyone lined up for barbecued hamburgers,

Matt Samuelson and Marty Flynn were the chefs.

Now, where did you say our tent was?

Okay, I'm sure this is how we do it.

chuck-wagon beans, potato chips and beverages. After the majority of the people attending had finished eating, Mr. Beisley led the elementary students through a series of cowboy songs. Many students and chaperones remained after the singing for an overnight campout.

He did WHAT?

Let us sit down before you begin!

Do you think he really expects us to sing that?

The yearbook class would like to use this page to thank all of the sponsors for helping make this year's annual possible. Without your donations and advertisements we wouldn't be able to offer our community a yearbook for such a reasonable price.

Also, we would like to send out a special thanks to Mr. Rinearson and Kathy Roth for the use of their computers.

Inspite of all the pouting, arguing, and whining, the yearbook class managed to have a great time doing layouts, selling ads, and taking and printing pictures. We also managed to eat a lot of food.

We hope you, the reader, will enjoy browsing and reading this account of the '91-'92 school year for many years to come.

Thanks,

Mrs. Kaiser, Francie Howard, Jon Wood,
Laura Fairchild, Lee Kaiser, Tami Lane,
Rob Casteel, Amy Lucia, and Charley
Uerling
